ELIGIBILITY AND PROGRAM PROCESS

1. Customers must be a Rockville Centre Electric Commercial account owner. All customer applications are subject to approval by Rockville Centre Peak Savers.
2. Custom Incentives: Equipment and systems that are more complex or not covered by prescriptive rebates can qualify for a custom incentive. Our experts will review your project and determine what incentive you can expect. Pre-approval is required before purchase and installation of equipment.
3. For pre-approval, submit the completed and signed Rockville Centre Peak Savers Custom Program application, documentation as noted for each equipment type applied for each measure, scope of work, proposal or installed cost estimate and W-9 form for payee. Submit information to info@rvcpeaksavers.com or mail the documents to:
ROCKVILLE CENTRE PEAK SAVERS
1377 MOTOR PARKWAY, SUITE 401
ISLANDIA, NY 11749
4. Upon pre-approval, an email will be sent notifying incentive and approved equipment. A completion document will shortly follow. For final approval, submit itemized invoices for installed equipment, equipment serial numbers and signed completion document.
5. All projects may be subject to pre and/or post inspection.
6. Rebates up to \$3,000 per net kW reduced, and up to 80% of project costs. This offer is valid for a limited time only, and must not exceed \$25,000 (unless approved by a Rockville Centre Peak Savers program manager).

CERTIFICATION STATEMENT: CUSTOMER HAS READ, UNDERSTANDS AND AGREES TO BE BOUND BY THE ELIGIBILITY REQUIREMENTS ABOVE. CUSTOMER CERTIFIES THAT THE INFORMATION PROVIDED IN THE HEREIN IS TRUE AND ACCURATE. CUSTOMER FURTHER CERTIFIES THAT THE ENERGY SAVING PRODUCTS DESCRIBED HEREIN HAVE OR WILL BE INSTALLED IN THE FACILITY INDICATED ABOVE AND WILL NOT BE RESOLD. AS SPECIFIED HEREIN, CUSTOMER AGREES TO PERMIT ROCKVILLE CENTRE PEAK SAVERS TO VERIFY THE PURCHASE INVOICES AND PRODUCT INSTALLATIONS.

ROCKVILLE CENTRE PEAK SAVERS

CUSTOM PROGRAM 2023-2024

Custom Incentives:

Custom incentives are available to customers that purchase and install qualifying energy efficient equipment. Equipment and systems that are more complex and do not fit into the categories covered by prescriptive rebates may qualify for a custom incentive. Our experts can help you review and determine if your equipment qualifies. To be considered for pre-approval, please submit scopes of work, estimates or proposals.

| Commercial | Submission Requirements | Equipment type | Model Number | Quantity |
|---|---|--|--------------|----------|
| Appliances | <ul style="list-style-type: none"> Equipment specification must include make, model, capacity and efficiency criteria (as applicable). Energy Star Certification https://www.energystar.gov/products/commercial_food_service_equipment Dishwasher specification should also include electric booster heater kW | Energy Star Clothes Washers (electric water heating only) | | |
| | | Energy Star Commercial Dishwashers (electric water heating only) | | |
| | | Energy Star Commercial Clothes Dryers (electric only) | | |
| | | Energy Star Commercial Ovens | | |
| | | Steamers | | |
| | | Fryers | | |
| | | Griddles | | |
| | | Energy Star Ice makers | | |
| | | Energy Star Commercial Refrigerators and Freezers | | |
| Water Heaters | <ul style="list-style-type: none"> Equipment specification (capacity, efficiency) Capacity (gallons) of existing water heater | Instantaneous (must replace storage type electric water heater) | | |
| Heating, Ventilating, Air Conditioning Systems and Controls | <ul style="list-style-type: none"> Equipment specification (must include make, model, capacity and efficiency criteria as applicable) Packaged / Split DX, Air / Water Source Heat Pumps Energy Star Certification https://www.energystar.gov/products/products_list Or AHRI Certification https://www.ahridirectory.org/Search/SearchHome?ReturnUrl=%2f Kitchen Demand Control Ventilation Hoods – number of hood fans controlled, horsepower of each fan Dual Enthalpy Economizers – tonnage of each AC or Heat Pump unit controlled Demand Control Ventilation – approximate square footage covered by each AC or Heat Pump unit Wi-Fi Thermostat – type of building heat (electric, gas, heat pump) | Packaged and Split DX Units | | |
| | | Air and Water Source Heat Pumps | | |
